

TC30 Temperature Controller Replacement Replacement for TC30 to SC5-96

TC30 Replacement has been prepared to replace the TC30 temperature controller with an SC5-96 temperature controller.

This replacement kit contains everything that needs to be used, except the SC5-96 module itself, see item number S-50000.

The S-50654+S-50000 provides the ability to adjust the temperature to the desired level on the turning knob, and the operator can switch between automatic temperature regulation or manual mode on the switch. The unit features a display to monitor the current temperature and set point.

TC30 Replacement

TC30 Replacement Specifications	
Part Number	S-50564
Application	Replacement of TC30 (Requires SC5-96)
Power Supply	12/24 Volt Systems (10-30 VDC)
Weight	1.10 kg / 2.43 Lbs
Length	Sensor Cable (0.2m / 0.79 ft) Main Cable (2.0m/ 6.67 ft)
